Multidisciplinary Management of Rectal Cancer

Questions and Answers

- ▶ **Ideal aid to multidisciplinary management of rectal cancer**
- ▶ **Question and answer format that will enable the reader quickly to find answers on the issues that arise in daily practice**
- ▶ **Includes guidelines on management according to the clinical presentation that have been endorsed by the major European oncological societies**
- ▶ **Compiled by an outstanding panel of authors representative of these societies**

This book seeks to promote an integrated approach among the various specialists involved in the management of rectal cancer with a view to ensuring that treatment is tailored appropriately to the individual patient. For ease of use, a question and answer format is employed. The focus is on those issues typically confronted during daily clinical practice in relation to risk factors, imaging, surgery, radiotherapy, and chemotherapy. The services of an outstanding panel of authors representative of the major European oncological societies have been acquired in order to formulate the questions and provide the answers. All who need assistance in addressing concerns that arise from the need for multidisciplinary management of rectal cancer will find the book to be an ideal source of helpful information.
